

ALIS'24: AIMS KEREM AYDINLAR AWARDS ABSTRACT ADMISSION & ORAL PRESENTATION RULES

General Information

1. The applied abstracts for presentation at AIMS Awards will be decided and accepted by the AIMS Awards Evaluation Committee.
2. The studies to be awarded among the abstracts will be selected by the AIMS Awards Evaluation Committee.
3. AIMS Awards consist of 2 steps. Firstly the abstract admissions will be made through the application form on our website. Then, the chosen 10 projects will be presented in the final competition on May 19, 2024.
4. Oral presentations and award ceremonies will be held face-to-face at Acibadem Mehmet Ali Aydinlar University.

Abstract Submission Format

1. The abstract must be in A4 format.
2. The title of the article should be written in Times New Roman font, 12 font size, and bold.
3. Only the initials of the article title should be written in capital letters.
4. The academic addresses of the authors should be written and numbered appropriately in the upper corner of the authors' surname.
5. The name and surname of the presenter author should be underlined, and the e-mail address will be given at the end of the abstract.
 - a. This individual has the primary responsibility for communications with the AIMS Awards Organizing Committee.
 - b. This individual will deliver the oral presentations if the submission is accepted. The presenter author must be comfortable presenting English and answering questions in English.

6. Advisors' names must be indicated in all presentations and applications.
7. The length of the abstract should be at most 350 words (not including title and authors) and should be written in Times New Roman and 10 font size. The abstracts that you will upload to the system should be uploaded in a structured format. Introduction, Methods, Results, and Conclusion should be written separately. The discussion section is optional and not mandatory for all abstracts.
8. Retrospective and prospective original studies/studies will be accepted; review studies will not be accepted.
9. Studies on topics related to medicine are accepted but studies on neuroscience, neurology and neurosurgery will be prioritized.
10. Applicants may submit more than one abstract for consideration for the competition, but only one of them can advance to the final stage.
11. One space should be left between words.
12. Keywords should be given at the end of the abstract and must be written in alphabetical order.
13. The abstract page should be aligned with 2,5 cm on the right and left and 2,5 cm at the bottom and top margins.
14. The name of the submitted abstract file should be in the form of the name and surname of the presenter author. The file should be in .pdf format.
15. Title and the main text of the abstract and the oral presentation must be prepared in English.
16. In the case of abbreviation in the abstract, the full name of the abbreviation should be given in parentheses at the place where it first appears.
17. The purpose of the study and the methods used should be briefly mentioned in the abstract, the findings should be summarized with enough numerical details and the conclusion should be explained in the context of the presented results. Abstracts should include the publications that are used for carrying out the research under the references section.
18. Applications will be accepted by December 28, 2023
19. Deadline for application is April 5, 2024
20. Application results will be announced on the April 19, 2024

21. Please note that if your abstract is accepted, no additional changes can be made.

22. In the event that your abstract advances to the final stage, only the fee for the scientific program will be refunded.
