

ALIS26 ONCOVERSE

INFORMATION FORM AND COMMITMENT STATEMENT

ALIS 2026

Welcoming more than 700 participants from Türkiye and abroad every year, ALIS (A Look Into Science) is preparing for its 9th edition with a strong scientific program, interdisciplinary workshops, the AIMS Kerem Aydınlar Scientific Presentation Competition, and a magnificent gala night. ALIS will take place on **15-16-17 May 2026** with the theme **“ALIS Oncoverse - Horizons of Cancer”**.

AMBASSADOR PROGRAM

An ALIS Ambassador is responsible for announcing the content and updates delivered to them within their medical school, working actively in various fields to increase the visibility of ALIS, and earning special advantages based on their contributions throughout the ALIS 2026 process. **Only one student from each medical school can serve as the ALIS 2026 Ambassador.**

RESPONSIBILITIES & RIGHTS

Once selected by the ALIS 2026 Executive Board, the Ambassador is considered to have accepted the following responsibilities until May 17th, 2025:

- Maintaining communication with and being accessible to the ALIS 2026 Executive Board
- Disseminating ALIS announcements within their faculty
- Establishing communication between their faculty and ALIS when necessary
- Participating in “Ambassador Meetings”

If the Ambassador fulfills these responsibilities, they will be entitled to benefit from the advantages determined for their respective faculty. You can access the “ALIS 2026 Ambassador System | University-Based Participation Quota & Package Rewards Table” via the link below, arranged according to participant distribution from previous ALIS congresses:
