

Dear Participant,

We would like to thank you for your application. This document contains necessary information and steps about the payment method that we provide through our University's payment system.

First of all, as the congress executive board we cannot use the system directly. So, In order to use Acibadem University's virtual pos system, we had to create an account that belongs to our congress which seems to stay in the dormitory and therefore have debt to dormitory. The debt seems like 5.000EUR or 5.000USD (*These numbers may vary in time but they are not related to what you will pay*) but **you will enter the amount you wish to pay**. Therefore, do not mind the debt amount. Furthermore, our payment system is in Turkish language so you should follow the steps below.

To make the payment you should own a card which is capable of paying via USD or EUR. If you don't have such a card you can always use our **Euro or USD IBAN** informations to make payment through a transaction. Below you can find the necessary information about our bank account and amounts according to chosen pack. You must include **"ALIS - *participant's full name* - *package name*"** in the receipt description for the payment to be accepted.

Do not forget to upload your receipt to the our website
